ARTIFICIAL GRASS

GreenHawk brings you artificial lawn designed specifically for the middle east climate. By designing specifically for the harsh UV-rays of the sunny UAE climate, we gain an edge on quality over imported products. Our 15 years of experience has given us a deep understanding of our customer's lifestyles and needs. The grass looks and feels as real as real grass. The state-of-the-art production process based in South Africa lets us recreate the complex vertical root structure of grass and create thickly matted grass with natural appeal, superior turf density and a natural aesthetic
